Form Packs

Copy or Modify an existing Form Pack

Create a New Form Pack

The + is enabled for Validated Form Packs

Tap the Form Pack to select it for Copy, Modify or Delete

Completed Forms

Edit

After Modifying a From Pack you need to validate it with an In-App purchase before it can be used

You cannot Modify the default From Pack make a Copy first

The default Form Pack disappears when you create new Form Packs. It will come back if all custom Packs are removed.

You can only copy Form Packs that are validated for use on your device

You can email a validated Form Pack to other people to use for free
